The convenience of the removable table, where you want it, when you want it, or just store it away. The power lift bed option will raise the bed up to the ceiling out of the way and lower it just as easily. Need even more sleep space? The jifty quickly folds down.

The jifty sofa folds up flat to the wall providing a large garage bay to transport all your toys.

Enjoy all the fun and action! The rear pull down screen wall provides the view without the bugs, and it's standard equipment.
Standard equipment in this bath includes the tub surround as well as the skylight.

Wow, an incredible amount of counter workspace, large spice rack within easy reach and the convection oven comes standard.

Bedsread and matching headboard are standard equipment.
The accommodating design of the plush jack-knife sofa is ahead of the competition in providing versatility and comfort, folded down for an increased sleep area or folded up to stow your toys and cargo. A space efficient magazine rack is within easy reach on the adjacent wall.
This kitchen design creates plenty of countertop work space and features a convection oven which is standard on all MXT models.

Storage space is maximized through efficiency of design and the fit and finish is second to none. The double door refrigerator is standard equipment.

This rear entry bay provides plenty of space for toys and comfortable relaxation for you. The rear pull-down screen is a great standard feature. When it’s time to load up the two swivel chairs and fold down table move forward, out of the way, and the jack-knife sleeper/sofa easily folds up against the side wall to provide a spacious garage bay. Plenty of floor mounted tie-downs secure your toys for travel.

The rear pull-down screen is a great standard feature and plenty of floor mounted tie-downs secure your toys for travel.

This bathroom includes a spacious tub surround, standard in all MXT models.

**2X2 WARRANTY** – The KZ Recreational Vehicles 2x2 Warranty is a manufacturer’s warranty. Each KZ product is warranted to the original purchaser for twenty-four (24) months from the original date of purchase. Coverage includes appliances, components, construction and FULL structure. The appliances and other amenities are warranted by the individual manufacturers of those components, not KZ. Our warranty is also transferable within the first two (2) years for a small processing fee. For a copy of the warranty with full terms and conditions, ask your local KZ Dealer or visit our web site at http://www.kz-rv.com.

**VEHICLE LOADING** – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Each owner is responsible to select loads allowing the recreational vehicle to remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle.

**UNLOADED VEHICLE WEIGHT (UVW)** – The typical weight of this trailer as built at the factory. The UVW does not include cargo, LP gas, fresh water, options or dealer-installed accessories.

**GROSS VEHICLE WEIGHT RATING (GVWR)** – The maximum permissible weight of the trailer, including the UVW plus passengers, all cargo, personal items, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the NCC.

**NET CARRYING CAPACITY (NCC)** – The maximum weight of all passengers, personal items, fresh water, food, tools, LP gas, other cargo and dealer-installed accessories* that can be carried by the trailer. NCC is equal to or less than GVWR minus UVW.

* The addition of options will decrease the NCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a seasoned veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification chart. KZ affixes a weight label to each new RV which lists weight information for that vehicle.

**NOTE:** This information is intended as a guide only. Weights of individual vehicles are approximate. Consult your Owner’s Manual for complete loading, weighing and towing instructions. All weights may vary.
