

2020 VENOM V-SERIES V3815TK

Venom V-Series is an affordable 101" lightweight high-profile wide-body toy hauler. Several versatile and spacious floorplans include cargo areas from 11 to 18 feet in length, and also offer a variety of living, kitchen and sleeping spaces.

Interior standards include auto-leveling, generator prep, electric-tilt king beds (with optional queens) and residential kitchens (most with islands). Kitchens include a drop-in cooktop with glass cover and oven, 30-inch convection microwave,

and solid surface countertops with deep under-mount stainless steel kitchen sink with cover.

Exterior standards include a 160-cubic-foot fully finished pass-through storage compartment with rugged diamond-plate flooring and dual-lock slam-latch doors. More standard features include standard power awning with LED light strip, water command center and flip-up entry step

with grab handle.

Options include central vacuum, a third 15,000 BTU air conditioner, Off-the-Grid solar package (which includes a 170-Watt panel, 1200-Watt inverter and interior control center), and party patio package.

MSRP: \$82,208 USD
